

Halsall Toys International

A RACEY NIGHT AT HTI!

Staff at Halsall Toys enjoyed an exciting evening at the races in November from the comfort of their Fleetwood showroom! Although an extensive floor space, the horses weren't actually galloping around the product displays but were on a big screen! The race night was in aid of the Toy Industry's Fence Club Charity with races generously sponsored by a variety of HTI's suppliers, license partners and service providers. Special thanks go to: Silver Cross, JCB, Disney Consumer Products, The Design Studio, Kite Packaging, Lancaster Vehicles Solutions, Kuehne & Nagel, Burdale and Ainsworth & Martin Ltd.

A fantastic night was had by all with some big winners and a few unfortunate big losers! The total money raised from race sponsorships, ticket sales, a raffle and nail biting, big bidding final race auction on the night totaled £1,126. The HTI Board of Directors has pledged to double the total amount raised which means that the company is pleased to announce a fantastic grand total of £2,252 for the Fence Club Charity.
