

HALSALL GET IN ON THE ACTION WITH THE SIMPSONS, JCB, WWE AND TEAMSTERS VEHICLES

The longest running primetime animated series ever, with a universal appeal amongst kids and adults alike, it's little wonder that **The Simpsons** action vehicles from Halsall, all designed exclusively by Twentieth Century Fox with tremendous design detailing, enjoys popularity as strong and consistent as the classic brand itself!

New for Autumn Winter 2009, Halsall launch Bart and Homer Simpson Micro Infra Red Vehicles with full function control for fast and furious action vehicle play – The Simpsons style! Halsall also provide the Radio Control Skateboarding Bart, inspired by the hilarious Bart skateboarding sequence in the Simpsons Movie of 2007, with an articulated Bart figure that allows players to alter his position into different boarding poses for added play value. The RC hand set controls Bart's direction and speed as he skates around and even performs cool spinning tricks! The Simpsons full function Radio Control Car features all the famous family members in hilarious poses, as well as a real sounding horn and flashing headlights. It was designed as a replica of the family's pink motorcar, featured in many episodes, as well as the top selling 'Hit & Run' EA game.

Based on Europe's number one construction brand and inspired by the distinctive yellow and black livery of the real life big building machines, Halsall also provide an extensive selection of **JCB** battery operated construction vehicles combining functional and detailed styling with lights, sound and motion for realistic big building vehicle play!

Wrestling in on the action vehicle scene, Halsall also offer a selection of awesome **WWE** vehicles. 1:30 and 1:20 scale replica WWE Road Hog vehicles feature the rockin' John Cena track 'The Time Is Now' as well as cool WWE wrestler phrases, light effects and motion.

For WWE full function radio control fun, Halsall's scale replica Dirt Racer Buggy and Monster Truck vehicles provide action-packed play at your finger tips!
